

## DIVIDENDS

## Increased the Salary of President Increased

Emory McClintock of the Mutual Life Will Tell the Why.

## NOT FORTIFIED

That Information and President McCurdy Declined to Answer.

McClintock Being Closely Questioned on Technical Points.

York, Oct. 24.—Emory McClintock, actuary of the Mutual Life Insurance company was expected to answer questions before the insurance investigating committee when it held its sessions today, as to why dividends of the company had been reduced while the salary of President McCurdy was being increased.

At a previous hearing the counsel for the committee produced letters to the holders of the Mutual Life Insurance company complaining that the dividends of their policy had been greatly reduced since the New York City policy was written to the counsel for the company that his policy in 1876 had a dividend of \$55.59 but the dividend had been gradually reduced until the policy received but a dividend. The writer expressed his dissatisfaction with the company's act and declared that the reduction was made in the face of information in the company's reserves for the year. To all questions on point President McCurdy in his reply on Wednesday replied that he was not furnished with the information and that it could be obtained from the actuary of the company.

He pressed for an answer McClintock repeated, "I decline to answer the question." He did not, however, that he did not know. McClintock was the first witness to appear before the committee who has made a statement of the technical points of life insurance, conducted the examination. The witness said he had been actuary of various companies since 1848. He became actuary of the Mutual Life Insurance company in 1885. He was president of the Institute of Actuaries from 1885 to 1897 and was fellow of the Institute of Actuaries of Great Britain since 1874. McClintock supported the statement made on the stand by John A. McCurdy, president of the New York Life Insurance company as to the leading to the many failures of the life insurance industry in the past. The companies failed, he said, because they were not willing to support them but the premiums. The Metropolitan Life Insurance company, the witness said, was on the verge of failure one time but managed to survive by adopting the industrial plan.

Had a Press Agent.

J. Smith, who said he was a press agent in the employ of the Mutual Life Insurance Co., testified before the legislative life insurance investigating committee today that his duty was to counteract the injury to the Mutual Life Insurance Co. by the publication of news stories. His salary was \$3,000 and that he had a line for dispatches sent by the Telegraph News Bureau. He said a clipping from the Wilmington News of a dispatch of the Mutual Life Insurance Co. was sent out which he said was to the Mutual Life Insurance Co. and was to be disseminated with the testimony of President McCurdy, treasurer of the Mutual Life Insurance Co. before the investigating committee.

It was shown clippings from the Boston Herald, Buffalo Courier, Times-Union, Atlanta Constitution and he said that he believed all paid for at the rate of \$100. This payment was made to the Telegraph News Bureau. Some of the dispatches dealt with the testimony of President Richard A. McCurdy before the investigating committee.

body. He did not know that the papers printing these dispatches received \$1 a line but it was paid to the bureau. A voucher dated Oct. 25th (tomorrow) covering dispatches up to Oct. 24th for the payment of \$3,945, Smith said, was for dispatches he had sent out but he could not describe them. An entry of \$1,555 paid to the Telegraph News Bureau was shown him. He said he could not tell what it was for. Smith said it was his idea to send out the testimony that the Associated Press neglected to send out. Under date of October 4, a charge of \$6,252 paid this bureau was shown to Smith.

Smith stated that upwards of \$11,000 had been paid by the Mutual Life Insurance Co. since the investigation began for dispatches reporting the proceedings, and that it expected to pay more.

The witness stated that he was proprietor of the Insurance Record, and had been connected with the Mutual Press department for about a month. Prior to that time his duties were varied and included the publishing of "The Statement" a paper by the company.

Mr. Smith was asked if he was interested with Allan Forman in the Telegraphic News Bureau. He replied that he was not except that he sent news to him. He said the Telegraphic News Bureau was owned solely by Mr. Forman.

## DATA FROM HEARING

That Is Now Under Way in the City of Cleveland May Be Used

## IN THE FOUNDATION

Of President's Message to Congress On Railroad Rates.

Cleveland, O., Oct. 24.—Members of the Interstate Commerce Commission have begun a hearing here in connection with the complaint of unjust discrimination in rates filed by W. E. Wall, president of the Fred G. Clark Oil Co., against the New York, New Haven and Hartford Railroad. The Clark Oil Co. is said to be the largest producers of lubricating oils in existence outside of the Standard Oil Co. The complaint was filed several months ago and the burden of it is that it is impossible for the oil company to secure through rates to New England points on any products which come into competition with the Standard Oil. The contention of the railroad company is that it could not grant rates because of the combustible nature of the oil company's products. To offset this allegation the oil company introduced an analytical chemist at the hearing and he testified that the products in question were not as combustible as the vegetable and lard oil products on which through rates were obtained without difficulty. President Wall made a statement setting forth the oil company's trouble in detail. He stated that the company's vegetable and lard oil products did not compete with the Standard Oil Co. It is understood that the finding of commissioners in this case are to be forwarded to President Roosevelt who may use the data in connection with his forthcoming annual message to congress.

## ELECTION BOARD DISMISSED THEM.

New York, Oct. 24.—The New York city board of elections has dismissed the protest against the nominees of the municipal ownership for city officers. The nominees against whom the protest had been filed were Wm. R. Hearst, for mayor; John Ford for comptroller; J. G. Phelps Stokes for president of board of aldermen and Bird S. Coler, for president of the borough of Brooklyn. It had been alleged that the nomination papers of those candidates were signed by republicans and democrats who had participated also in the primaries of their own parties, and therefore had no right to sign the nomination papers of other candidates.

## THEODORE JR. JOINS A CLUB.

New York, Oct. 24.—Theodore Roosevelt, Jr., looked over all the athletic clubs in and around Boston and Cambridge and was elected to join the Douglass, a well known boxing club of Chelsea, says a dispatch from Cambridge. Young Roosevelt decided in favor of the Douglass A. C., because of its boxing and he was voted a member at a special meeting of the directors after presentation of his assessment.

## TRACTION CAR

## Loaded With Passengers Badly Wrecked

In Collision With Construction Train at New Baltimore, Mich.

## CARS MET AT SWITCH

Which Construction Train Crew Was Trying to Reach.

One Conductor, a Track Inspector and Passengers Were Injured.

New Baltimore, Mich., Oct. 24.—Half a dozen people received severe injuries and nearly twenty more were slightly hurt today in a collision between a Rapid Transit Railway car, south bound from Port Huron to Detroit, and a construction train of four cars at the power house switch in the eastern part of this village. The most seriously injured are as follows:

Conductor Bert Norton, of Mt. Clemens, ribs broken, internal injuries and cut about the head.

Dr. T. A. Lafarety, of New Baltimore, back and arms injured.

Track Inspector Erb, Mr. Clemens, seriously crushed.

Frank Baker, of Marine City, serious scalp wound and internal injuries.

Wm. Losh, of New Baltimore, hands cut.

The construction train of four heavily loaded cars left the power house five minutes before the passenger car was due, to run to a switch about forty yards from the house. The rails were wet and the wheels of the heavily loaded freight cars slipped repeatedly delaying the train. Before the construction train could run into the switch the heavy passenger car, running forty miles an hour, crashed into it. The passenger car was completely wrecked by the collision and one of the loaded freight cars was broken in two.

## A WINDY CITY INSURANCE CASE.

Chicago, Oct. 24.—Additional charges made against the officers of the Western Life Insurance Co., are made in an amended bill for an injunction filed here by attorneys for the policy holders. The new charges are based on the contents of a report by the state superintendent of insurance. Counsel for the officers of the company vigorously objected and declared that the bill had already been amended several times. The court, however, overruled the objections. The amended bill sets up that three directors who purchased 8,000 shares of stock in the Security Life and Annuity Co., did so without legal authority.

## AN ELEPHANT UNDER ARREST.

Chicago, Oct. 24.—A dispatch to the Record-Herald from Poplar Bluffs, Mo., says: A warrant was sworn out yesterday for the manager of a circus and "Tip" one of his elephants for the theft of a \$800 diamond, a gold watch and the destruction of a Paris confection in millinery, the property of Mrs. Ella Goltz of Portsmouth, Ohio, who is visiting friends in this city. Mrs. Goltz was feeding "Tip" with peanuts, when the beast took her watch in his trunk placed it carefully in his mouth and then followed theft by stowing away her bonnet. "Tip" was packing up preparatory to moving to the next town, but the arrest stopped him. A suit for \$3,000 damages was brought against the manager of "Tip," his offer to pay for the watch and bonnet being spurned.

## GREAT RECORD OF TOGO'S FLAGSHIP.

Tokio, Oct. 24.—It transpired today that Admiral Togo did not anchor even once in five months from the time of the big naval battle of August 10th, 1904, till the Russian battleship Sebastopol was torpedoed in the last days of the war.

## MONNETT AT AKRON.

Akron, O., Oct. 24.—Ex-Attorney General Monnett is here to testify before the grand jury in the bridge trust case.

## SUPREME COURT IS AGAINST HIM.

Washington, Oct. 24.—The Supreme Court of United States ruled that State Senator Geo. H. Green of New York, must come to Washington for trial on the charge of conspiring with Geo. W. Heaters and others to defraud the government in the purchase of supplies for the postoffice department. The decision of the circuit court for the northern district of New York was confirmed. The proceedings in the case so far have related entirely to the question of extradition and the merits of case have not been considered except incidentally.

## BURGLARS AT WOOSTER.

Wooster, O., Oct. 24.—Burglars looted the country store and postoffice at Springfield, early this morning. They got a few dollars worth of stamps and some jewelry and cash. Entrance was gained by cutting the glass out of the front door.

## AN ATTACK IS MADE

By Attorneys Representing the Defendant Packers in Chicago

## ON THE INDICTMENTS

Which Have Charged the Meat Trust Barons With Conspiracy.

Chicago, Oct. 24.—Declaring that the testimony the packers were compelled to produce before the secretary of commerce and labor was used by U. S. District Attorney Morrison in obtaining an indictment against the packers and alleging that inasmuch as the same issues as mentioned in the indictment were raised and disposed of in an injunction suit filed by federal Judge Grosscup, the packers who are under federal indictment here charged with illegal conspiracies vigorously attacked today again the famous so-called "Beef Trust" proceedings. A special plea in bar and an additional special plea in bar were filed by counsel for the packers. The nature of the special plea in bar was a surprise to the government officials although they were aware of what would be pleaded in the additional plea, the issuance of an injunction by Judge Grosscup. It sets up assertions concerning investigations by the commissioner of corporations and alleges that the defendants were compelled to testify and to produce certain books and other data, and that thereafter the matter was submitted to the president of the United States and finally to the U. S. district attorney here and that the district attorney used the material in seeking indictments against the defendants. Because of these alleged facts, the defendants ask that the indictment be dismissed.

## THE PANAMA CANAL

May Be Completed Under Contracts With Private Individuals,

## SAYS THE SECRETARY,

But Contracts Cannot Be Let Until Nature of Canal Is Known.

Washington, Oct. 24.—The government of the United States is willing to enter into contracts with corporations or individuals for the construction of any portion or all of the Panama canal. This statement was made by Secretary Taft, while discussing conditions upon the isthmus and the policy of the government. There is some doubt in his mind whether any concern would be willing to undertake the excavation of the Culabra cut because of the magnitude of that work. It is not the excavation that will be so difficult so much as the disposition of the earth taken from the cut. But as to the other work, the government will be ready to enter into contracts for completion as soon as it is determined what type of canal shall be constructed. It is stated that contracts could not be made during the preliminary stages of the work because the government had to prosecute the construction until its officers knew what was to be done and had a sufficient knowledge of the conditions to pass on bids and make judicious contracts.

## DARK SKINNED

## Students of Booker T. Washington's School

Greet the President With Plantation Songs at Tuskegee.

## ADDRESS WAS MADE

By the Colored Orator in Introducing the Distinguished Guest.

Confederate Souvenir Badge to Be Presented at Birmingham.

Montgomery, Ala., Oct. 24.—When the president left here this morning to continue the tour of Alabama, a busy day confronted him. His program for the day included a visit to Tuskegee, the home of the famous institute for negroes, a return trip to Montgomery and a visit to Birmingham at all of which places speeches are to be made.

The president will spend two hours at Tuskegee, and will make two speeches, one in the town and one at the institute. President Booker T. Washington, of the institute, will introduce President Roosevelt. The return trip to Montgomery will then be made. The president's train is scheduled to return here at noon.

When he reaches the city the president will be escorted to the state capitol where he is to be welcomed by the mayor and governor after which he will make an address to the people. Elaborate preparations for his entertainment have been made.

Two hours will be spent here, after which the president will continue his journey to Birmingham, which place his train is scheduled to reach at a quarter of five o'clock this afternoon. Two hours are to be spent in that industrial center, during which the president will make an address to the people and later visit the state fair where another speech is to be delivered. At 6:45 o'clock this evening the president's train will leave Birmingham for Little Rock, Ark.

Tuskegee, Alabama, October 24th.—The presidential party arrived at Tuskegee at 5:30 o'clock this morning, the train being on time. The city was beautifully decorated. A number of arches, the foundations of which were made of bales of cotton had been erected and covered with bunting. The platform from which the president spoke to the people of the city was made from \$35,000 worth of cotton in original bales. The president was met at his train by a reception committee, among whom were Mayor Oleas and John Massey, president of the Alabama conference, Female College. Escorted by a company of state militia the president was driven to the college which represented a typical southern scene. Cotton had been transplanted in long rows and two old Southern negroes with cotton pickers sacks on their shoulders were engaged in picking the staple from the plants. Several baskets of cotton were scattered about the field. The president was greeted at the college grounds by the students and other children. The president's address here was short, and at its conclusion he left for the Tuskegee normal and industrial school.

The president reached the grounds of the Tuskegee Normal Institute after a brief stop in the town of Tuskegee where he was received by the mayor and other distinguished citizens of Alabama. The president's train was brought directly into the grounds of the institute over its private track. From midnight until this morning great crowds of people, white and black were arriving from all sections around Tuskegee.

The president was received by Booker Washington and members of the board. He entered a carriage made by the students of the school, and drawn by horses raised at the school, and driven by one of the school.

The party proceeded to an elaborately decorated stand in front of the office building mounted by the president's flag. From this point he viewed the educational and industry work. This parade was headed by the institute band, led by band master Elbert B. Williams, of the ninth U. S. Cavalry, who had been detailed to Tuskegee by the war department; then came 1,500 students of the school in two di-

visions, the young men uniformed in blue suits, with brass buttons, white gloves and cadet caps. The young women wearing blue dresses trimmed with red braid and wearing blue straw boater hats followed, each bearing a stalk of sugar cane topped with a cotton ball, all raised in the schools agriculture experiment station immediately behind the student body came sixty-one floats representing the varied phases of work of the academy department and 37 industrial divisions of the school.

After the parade had passed and the students, faculty and visitors were repairing to the chapel the presidential party was driven hurriedly about the grounds and was shown the extent and scope of work being carried on by the institute. Then to the chapel the party was taken where the students, led by the institute choir of 150 voices, sang a number of plantation melodies. Principal Booker T. Washington, then presented the president in the following:

"This is a great day for the Tuskegee Normal and Industrial Institute, too great to be described by words. We have gathered to hear but one voice, to see but one face.

"In presenting our guest to the students, teachers and citizens, I must not omit to express the gratitude felt by the people of the Tuskegee Institute and by the people of both races in this section of Alabama for the honor which has been conferred on them. That the chief magistrate of our beloved country, deemed it good and wise to include Tuskegee in his trip through the south and spend a few hours seeing the work we are doing here, brings to the heart every man and woman of our race in this country a degree of encouragement and inspiration which it is impossible for any American citizen not of our race fully to appreciate.

"My friends without further words of mine I have the pleasure and the honor of presenting to you the President of the United States, Hon. Theodore Roosevelt."

## BADGE OF GOLD

Will Be Presented to the President at Birmingham, Alabama.

Birmingham, Ala., Oct. 24.—Birmingham is in gala attire for President Roosevelt who is expected to reach here at 4:45 o'clock this afternoon. When the train reaches the city limits every steam whistle will blow for five minutes while the presidential salute will be fired from the top of Red Mountain to the south of the city. A reception committee of 500 prominent citizens will meet him at the Union passenger station where Mayor Ward will make a short welcoming speech and will present the president with a handsome badge of gold.

The party will then take carriages and move to Capitol Park, where the president will be formally announced and introduced by Rufus N. Rhodes, editor of the Birmingham News. Here the president will speak after which Miss Sophia Wittchen, grand niece of Admiral Semmes, of confederate fame, will present him with a souvenir confederate badge on behalf of Camp Hardee, United confederate veterans. Hurrying from Capitol Park to State fair grounds, three miles away the president will make a second speech, leaving at 6:45 p. m. for Little Rock, Ark.

## BUCKING THE TRUST

Hawaiian Sugar Planters Will Reopen Refinery at Crockett, Cal.

## CONTRACT IS BROKEN

And the Trust Must Now Secure Raw Material Elsewhere.

San Francisco, Cal., Oct. 24.—The Chronicle today says: The relations hitherto existing between the Western Sugar refinery, controlled by the Sorensen interests and the sugar planters of the Hawaiian Islands have been ruptured.

## THE COSSACKS

## And Citizens Clash at Kharkoff, Russia.

Bombs Were Hurlled at the Cavalrymen by the Civilians.

## MANY WERE KILLED

In the Ranks of Both the Soldiers and the Civilians.

Two Volleys Fired at Horde of Panic Stricken Workingmen.

Kharkoff, Russia, Oct. 24.—A serious conflict between the troops and people during which there were many casualties on both sides occurred here last night. While a meeting of 20,000 citizens, students and workmen was in progress the cry of "The Cossacks are coming" was suddenly raised everywhere and a panic followed. Many persons were injured in the crush. Subsequently the crowd came in contact with detachment of cavalry. Revolver shots were fired by some of the citizens, and small bombs were hurled among the cavalry. The latter threw up fired 2 volleys with blank cartridges and then fired with bullets. Both sides suffered seriously. Many of the wounded were left on the ground when the crowd dispersed. Strikers have since plundered the gunsmiths' stores and have armed themselves. A number of bakeries have been destroyed and all work has been stopped at other establishments. Scarcity in the necessities of life are already felt here.

## Water Supply Shut Off.

Moscow, Oct. 24.—The strikers have damaged the water conduit between Moscow and Myitditchi and some sections of Moscow are without water.

## WELL KNOWN NOVELIST HURT.

London, Oct. 24.—Geo. Meridith, the novelist, while leaving his residence at Box Hill, Surrey, for a walk, slipped, fell and broke one of the bones of his left leg. The accident is causing concern to his friends owing to his advanced years. Doctors say Mr. Meridith is progressing satisfactorily but a long time must elapse before he can leave his house.

## A LYNCHING EXPECTED.

Wilmington, N. C., Oct. 24.—Bill Carter, a negro aged 15 yesterday attempted a criminal assault on the nine year old daughter of Howard James White at Wallace 35 miles from here. The assault was prevented by a negro cook. Carter made his escape but was captured at Willard, five miles distant and landed in the county jail at Kenneville. A lynching is expected.

## LEIPSIC AGAIN IN DRY COLUMN.

Leipzig, O., Oct. 24.—A local option election under the provision of the Beal law was held here today. The result was 304 votes for the dries and 165 for the wets. The town went dry by only 38 majority two years ago. Belmore went dry also by 20 majority.

## TRAGIC DEATH OF A BAR TENDER.

Ashtabula, O., Oct. 24.—Joe Younger, aged 37, night bartender at S. A. Wilkin's saloon, was shot and killed in the saloon this morning just as he was preparing to leave for home. The only other person in the bar at the time was the day bartender, Sam Miller, who claims that he heard a shot, and going to the rear door found Younger bleeding and unconscious. There was a hole in his head and a revolver nearby. No motive for the deed is apparent and the possibility of murder is being investigated by the coroner. Younger leaves a family.

## GERMANY'S FINANCES.

Berlin, Oct. 24.—President Koch, president of the Imperial bank, replying to an inquiry today, said that the international money situation was now satisfactory and there was no likelihood of the rate of discount of the Imperial Bank being raised as the bank's situation was favorable. Alluding to the Japanese balances in Germany, President Koch said that Japan was in no way bound to leave her balances in Germany.

A prominent New York physician  
recently said: "I am convinced that  
the best way to gain good, solid, firm  
flesh is to take Vinol, for in it you get  
all the curative, flesh-making and  
strength-giving properties contained  
in that grand old remedy, cod liver  
oil, without the nauseating oil itself.  
It is delicious, and the weakest stom-  
ach can retain it. Thin people are  
usually weak and ailing, and Vinol is  
what they need."  
Vinol acts first upon the stomach,  
creates an appetite for good, whole-  
some food, strengthens and tones up  
the digestive organs. Rich, red blood  
is sent coursing through every vein,  
firm flesh is created whatever it is  
needed, and emaciated figures, hollow  
cheeks and sunken eyes are soon a  
thing of the past.  
Every thin person in Lima should  
try Vinol on our guarantee." H. F.  
Vortkamp, druggist.  
So is the 6-year-old daughter of  
Rev. and Mrs. A. D. Welty, of east  
Second street.  
There is another case of the dread  
disease on south Elizabeth street,  
near Vine.  
Many children have been exposed,  
and great care will have to be exer-  
cised to prevent an epidemic of the  
disease.  
Drew a Crowd.  
Sunday evening, the Rev. George  
Sims addressed the Modern Wood-  
men of the World and the Royal  
Neighbors, at the south side Church  
of Christ. The church was crowded,  
and the address interesting and in-  
structive.  
A Nuisance.  
For several weeks there has been,  
during the day, a cow tied to a fence  
at or near the corner of Kibby street  
and Madison avenue. Old "brindle"  
is given plenty of rope, and it seems  
to be her delight to get as far away  
from the fence as possible, thus  
stretching the rope at a height of  
about 2 1/2 feet from the ground. If  
you go that direction you will have to  
climb over or under that rope. Often  
people driving or riding a bike have  
been compelled to stop and drive the  
cow to the fence in order to pass.  
Passing Events.  
Mr. J. B. Dobbs, of Reece avenue,  
who was injured several days ago by  
being knocked from his wagon by a  
switch engine, is improving. His  
daughter, Miss Anna Dobbs, a victim  
of appendicitis, is also improving.  
Rev. F. G. Rupert went to Defiance  
this morning.  
Miss Lena Wellman, of New Knox-  
ville, O., visited south side friends  
Sunday.  
The scarlet fever quarantine at the  
John Mack home, on south Central  
avenue was lifted today.  
There will be a corn husking be-  
soon, and a prominent south side "oil  
man" sneaks to and from a nearby  
farm every day, where he is "practis-  
ing" for a match with "Nellie" Gray,  
who now holds the championship.  
Mr. Edie Osburn and daughter, Miss  
Alta, have returned from a visit to  
Kenton friends.  
Miss Edith Kunkelmann, who has  
been making her home with a sister,  
Mrs. Frank Mort, of south Pine street,  
has gone to Los Angeles, Cal., to  
spend the winter.  
Yesterday, Miss Pearl Mack, of  
south Central avenue, was visited by  
Miss Maud Gracely, of Kossuth.  
Mr. and Mrs. Lewis McLean, of east  
Kibby street, have returned from a  
visit with friends at Kenton.  
Channey H. Bogardus, the south  
side editor of the Gazette, was called  
to Elwood, Ind., yesterday afternoon,  
by a message announcing the critical  
illness of his mother, Mrs. Mary Bo-  
gardus, and that death was hourly ex-  
pected.

**STOCK MARKET**  
Gains Were Mixed With  
Prevailing Losses.  
Opening Prices But Slightly  
Affected by London  
Depression.  
A FULL POINT IS LOST  
By Canadian Pacific While  
General Electric Stock  
Went Up.  
Quotations on Live Stock,  
Grain, Produce and  
Provisions.  
New York, Oct. 24.—Opening prices  
were but little affected by the de-  
pression in London and gains were  
mixed with the prevailing losses. Gen-  
eral Electric rose 1/4, Delaware and  
Hudson 3/4. Canadian Pacific fell a  
point and Amalgamated Copper 3/4.  
The Cotton Market.  
New York, Oct. 24.—A further  
strong advance occurred at the open-  
ing of the cotton market today owing  
to big gains in the English market and  
bullish prediction as to the showing  
of the government's spinners report  
later in the week. Prices opened  
from 13 to 33 points higher with De-  
cember selling at 10 1/2 and January  
at 10 1/2 on the call. Enormous realiz-  
ing caused a reaction of about ten  
points during the first half hour but  
there was continued support and lat-  
ter fluctuations showed steadiness.  
New York Produce.  
New York, Oct. 24.—Butter firm;  
unchanged receipts 13,164; cheese  
firm; receipts 15,140; state full cream  
large and small, colored and white

mon 2.00 to 2.25.  
Sheep 3.25 to 5.35; lambs active  
4.50 to 4.75.  
Chicago Grain and Provisions.  
Chicago, Oct. 24.—On unsettled con-  
ditions in the northwest, December  
wheat advanced to 87 1/2 cents here to-  
day.  
Official forecast for wet weather  
throughout the central west sent De-  
cember corn up to 44 1/4 to 45.  
Excellent demand from exporters ad-  
vanced December oats 2 1/2.  
January provisions opened firm;  
perk at 12.30; lard 6.72 1/2; ribs at 6.45.

strong; sheep 3.40 to 4.50; lambs 4.80 to  
5.75.  
Boston Wool Market.  
Boston, Oct. 24.—A more active  
demand than last week is noted in  
the wool market. Woolen mills,  
both large and small, have been oper-  
ating. There is a strong call for half  
bloods, which however, it is impos-  
sible to meet satisfactorily. Ohio  
and Pennsylvania, three eighths and  
half bloods have met with a good  
call, going at 35 1/2 to 36 and 34 1/2 to 35  
respectively. Some washed delaine  
has been sold at 37 1/2 to 38. N. X. is  
dull but firmly maintained at 36 to 37.  
1/2 at 21 1/2 to 22.  
Michigan fleece have not been in  
active demand, 1/2 bloods unwashed  
are quoted at 32 to 33; three-eighths  
31 1/2 to 32 and quarters 33 to 34; fine  
unwashed is firm at 25 to 26; Delaine  
unwashed is quoted at 30c.

**MORE DENIALS**  
Are Out Concerning the  
Enterprise Bank.  
Both Washington and Pitts-  
burg Kept Busy Upset-  
ting Rumors.  
STATEMENT IS MADE  
By Francis J. Torrance,  
Who Says He Had no  
Hand in the Affair.  
Story of Missing Notes De-  
nied By an Official  
in Washington.  
Pittsburg, Pa., Oct. 24.—Francis J.  
Torrance, who has been prominently  
mentioned in connection with the af-  
fairs of the Enterprise bank and who  
has been quite ill at his home, in Al-  
legheny, makes a complete denial of  
the many statements made that he  
was instrumental in the failure of the  
bank. "The statement that I used my  
influence to have the bank made a  
depository is absolutely without foun-  
dation. I have never used my in-  
fluence to secure funds for any insti-  
tution in the hope of securing there-  
from personal gains."  
As to the statement that he had in-  
dividual paper in the bank, Mr. Tor-  
rance said it was untrue.  
He had never obtained a personal  
loan from the bank, he said, and his  
individual endorsement was on but  
two notes for sums of \$1,250 and \$1-  
000. One was for a charitable organi-  
zation and the other for personal  
friends and in both instances the bank  
was the depository of the borrowers.  
Other than these he knew of no  
paper bearing his individual endorse-  
ment that should be held by the En-  
terprise National and it would be a sur-  
prise to him if any of the Penna. De-  
velopment Co. papers is found there.  
Mr. Torrance further denied the  
Cashier Clark had called on him the  
day before the latter met his unfor-  
tunate death.  
Denials in Washington.  
Pittsburg, Oct. 24.—Renewed inter-  
est is being manifested in the En-  
terprise National Bank affairs by the re-  
port that Wm. Bigley, comptroller of  
the currency is in this city today, but  
all efforts to locate him have been un-  
successful. It is known, however,  
that mail awaits him at the Hotel  
Lincoln. Mr. Cunningham, receiver of  
the Enterprise National Bank, remains  
silent regarding the bank's affairs and  
emphatically denies that he has made  
any of the conflicting statements that  
have been credited to him. He reiter-  
ates that his report, when finished,  
will be sent to Washington. The report  
yesterday, that notes aggregating  
\$500,000 are missing from the bank,  
is given little credence. Mr. Cunn-  
ingham denies any such statement and  
there is no other source from which  
the information could be secured.  
You assume no risk when you buy  
Chamberlain's Colic, Cholera and  
Diarrhoea Remedy. All Druggists

not satisfied after using it. It is  
everywhere admitted to be the most  
successful remedy in use for bowel  
complaints and the only one that  
never fails. It is pleasant, safe and  
reliable.  
BUREAU OF TEMPERANCE.  
Indianapolis, Ind., Oct. 24.—The  
board of managers of the Woman's  
Home Missionary Society of the Meth-  
odist church today adopted a resolu-  
tion creating a bureau of temperance  
and art and a standing committee was  
named to take charge of the bureau.  
Mrs. J. C. McDowell, of Pittsburg, is  
chairman of the committee and will  
ask congress for an appropriation suf-  
ficient to open all the public schools  
of Alaska.  
No one would ever be bothered with

Attention.

### WITNESSES ARE

endance to Hear Story  
a Seventy Acre  
Farm.

al Routine of the Court  
house and Legal  
Matters.

use of Mary E. Detrick vs.  
river, John S. Driver and  
Driver still occupies the at-  
Judge Cunningham, rela-  
friends of the litigants.

ation is to have declared null  
a certain deed purported to  
en executed by Peter Driver  
S. Driver, and that the premi-  
conveyed to plaintiff as per a  
in evidence.

ation was begun by Mary E.  
last September and in her  
she recites that the defend-  
er Driver was the owner of  
acres of land in Bath town-  
at plaintiff entered into a con-  
th him to convey said farm  
her; that she was to go and  
h him and care for him, and  
e sold her farm in Monroe  
p and carrying out the con-  
mited to the farm of de-  
in Bath township. That  
ter Driver and his wife,  
were old and incapable by  
infirmities of taking care of  
property and themselves, and  
id Peter Driver being heavily  
duced plaintiff to buy his  
seventy acres at a price  
an it was worth, and in con-  
on of \$3,500 a deed for these  
as made to Samuel Detrick  
ntiff. After reciting the  
of the contract, plaintiff al-  
hat defendant, Peter Driver,  
19th, 1903, executed a deed  
e same premises to his son,  
Driver, who with his wife  
d a mortgage to the con-  
n the sum of \$3,500; that at  
e of the execution of said deed  
river was frail in mind and  
and incapable of transacting  
smess, which John S. Driver  
s wife well knew, wherefore  
asks that said deed be or-  
nulled, etc.

answer, John S. Driver ad-  
e execution of the deed to  
his father and of the execut-  
him of a mortgage in the sum

### HEALTH AUTHORITIES

Now Fear No Spread of the  
Disease on South  
Side.

Health Officer A. L. Jones believes  
today he has the threatened spread  
of diphtheria or membranous croup  
on the south side well in hand. There  
are now but five cases under quaran-  
tine, but two deaths have previously  
occurred.

A story gained credence yesterday  
to the effect that the spread was oc-  
casioned by a case of the disease in  
the home of the Rev. A. D. Welty, on  
east Third street, who was reported  
to be a Christian Scientist.

This report was erroneous (though  
the Rev. Welty is an exponent of the  
Christian Missionary Alliance, a re-  
ligion which teaches the full trusting  
of all things into God's hands, which  
has secured a number of followers on  
the south side and in the Watt Town  
district, where Rev. Welty has held  
meetings. His two children, it is said,  
were afflicted a week or ten days with  
"sore throat" and no physician was  
called. They attended school in the  
Reese avenue building, and from the  
room in which the little boy attended,  
five cases of diphtheria have since  
been traced, while others have devel-  
oped at the south Elizabeth street  
building.

When the health authorities investi-  
gated the Welty case last night, they  
found Dr. Steiner in charge, and with  
an ultimatum that the reverend was  
to hold no more public meetings until  
his home was freed from the disease,  
the authorities dismissed the case, as  
it was claimed the first attacks were  
but "sore throat."

Both the Reese avenue building and  
one room in the south Elizabeth build-  
ing were thoroughly fumigated yes-  
terday, and it is now stated that the  
threatened spread has likely been  
frustrated.

Members of the Christian Science  
church make exceptions to a state-  
ment sent out of the city last night  
by an irresponsible press correspon-  
dent who jumped at conclusions in  
the Welty case. The Christian Science  
belief in no manner is antagonistic  
to health regulations, and in all cases  
conform strictly to the rules of local  
and state boards of health when any  
contagion arises.

### After the Pere Marquette.

Cleveland, O., Oct. 24.—On behalf  
of the interstate commerce commis-  
sion, U. S. District Attorney Sullivan  
filed eight suits against the Pere Mar-  
quette railroad because of the failure  
of the company to comply with the  
safety application law. It is charged  
that the railroad company on certain  
dates ran eight trains over its lines,  
the cars of which were not equipped  
with air brakes as required by law.  
The suits will be tried in the federal  
court at Toledo.

Akron, O., Oct. 24.—Ex-Attorney General F. S. Monnett, who is here to testify before the grand jury in an investigation of the alleged bridge trust, by the grand jury, charged that the Milwaukee Bridge Co., which recently came into the pool, was paid \$7,440 as its share on a big bridge in Lorain county and it never put a spad in the ground in the state of Ohio, he claims. He will also testify before the grand jury that in building the Lorain bridge the actual cost was seventy-three thousand dollars and that "the price was doubled by the contractors, the King Bridge Co., whose secretary, Gibbs, has been summoned as a witness, making the county pay one hundred and forty-six thousand dollars for the bridge. Mr. Monnett has with him the original agreement entered into by the bridge companies at Cleveland, June 20, 1897.

## "TIP" O'NEIL GETS CHANGE OF VENUE

## WITHIN TEN YEARS

Isham Randolph B. lies the Panama Canal Will Be Built

## AND AS TO THE COST

He Figures the Eight Hour Day Will Increase It 25 Per Cent.

Washington, D. C., Oct. 24.—Mr. Isham Randolph, one of the members of the board of consulting engineers for the Panama canal, has written a letter to Zina R. Carter, president of the sanitary district of Chicago in which he discusses canal conditions. The isthmian canal commission made the letter public today. Mr. Randolph says he expects the canal to be completed before 1915. The work of preparation he says, is going on speedily and when the equipment is on hand and the organization perfected, at least 23,000 men will be required on the canal. The eight hour a day system on the canal work, he regards as a mistake, and will add about 25 per cent to the cost of labor. Mr. Randolph says the whole line is "cluttered up with abandoned French machinery" which cost about \$30,000,000 and is now valueless.

## STEAMER AND CREW MISSING.

Cleveland, O., Oct. 24.—While the steamer Kalaiyuga, owned by the Cleveland Iron Co., has not been heard from since she passed the Soo, with a cargo of iron, on Thursday last, officials of the company believe the vessel and her crew of 22 men are safe.

It was learned today that the Kalaiyuga, having been blown out of her course, by the gale had probably found shelter among the many islands to the eastward of Lake Huron in Georgian bay.

The steel steamer Century of the same fleet, has been searching along the north shore of Lake Huron in hope of finding track of the missing vessel.

## A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were at the bone or muscles, but the real cause of rheumatism is found in the blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

Dr. J. C. Golden Medical Discovery has been very successful in the cure of rheumatism, because it cleanses the blood from the poisonous uric acid which is the cause of the disease. Golden Medical Discovery cures rheumatism without relief and without pain. Only those who have suffered from this dread malady know the pain and misery endured for over five years. Whenever the weather was damp or cold my joints were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use the Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months.

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains, you lose. Therefore accept no substitute for "Golden Medical Discovery."

These four must be used: anti-bilious, anti-rheumatic, anti-stomach, liver and bowels. Do not test the "pill habit," but use the Golden Medical Discovery for a laxative and regulator, three or four for an active cathartic. Once tried always. Put up in vials, always fresh and reliable.

## GIRLS' FROCK.

Pattern No. 2733. All seams allowed. A box-plaited skirt is a smart feature of the little frock here shown developed in blue cashmere. Short tucks appear in the back and front of the waist and a belt and standing collar give a smart finish to this little dress. Plaque, linen, madras, duck, mercerized cottons, henrietta, albatross, nun's veiling, mohair and Venetian are suggested for the making.

The pattern is in 9 sizes—6 to 14 years. For a girl of 9 years, the dress requires 6½ yards of material 20 in. wide, 3½ yards 36 inches wide, 3 yards 44 inches wide, or 2½ yards 50 inches wide.

## CLEANLY WOMAN

Erroneously Thinks by Securing Hair That She Cures Dandruff. Cleanly woman has an erroneous idea that by securing the scalp, which moves the dandruff scales, she is curing the dandruff. She may wash her hair every day, and yet be troubled by dandruff all her life long, accompanied by falling hair. The only way in the world to cure dandruff is to kill the dandruff germ. Do that but how? Her hair. Her hair is the only thing that keeps the dandruff germ from growing on the scalp. Nature intended. Destroy the germ. You remove the effect. Kill the germ. Use leading drugists. Send for a sample to the Herpelide Chemical Co., Detroit, Mich.

# New Werner Twentieth Century Edition Encyclopedia Britannica

This picture shows the 31 big volumes of the new American edition of this world-famous reference work, just off the press. This army of volumes contains 3,400 pages, and is equal to 68 volumes of ordinary size. It is illustrated with 12,000 pictures, many of them in color, and it numbers among its contributors the highest authorities in every country on every subject of human interest. The Inquiry Coupon cut from this advertisement and mailed to us promptly will bring you full particulars of this magnificent Encyclopedia—read we will tell you at the same time how you may secure a set at less than half the regular price, and on easy terms of payment.

**THIS  
New Edition**  
At a Great Reduction in Price.

We take pleasure in announcing to readers of this paper that we have secured control of a limited number of sets of the New Werner Twentieth Century Edition of the Encyclopedia Britannica. This new American edition is printed from new electrotype plates, sharp and clear in every detail. The type was set by hand in the United States, which has enabled the American publishers to correct many of the errors that marred the original foreign edition. From the standpoint of printing, paper, illustrations and binding, the new edition has no superior. It is worthy of a place in any library. The five new volumes of American additions have been revised and brought up to 1926.

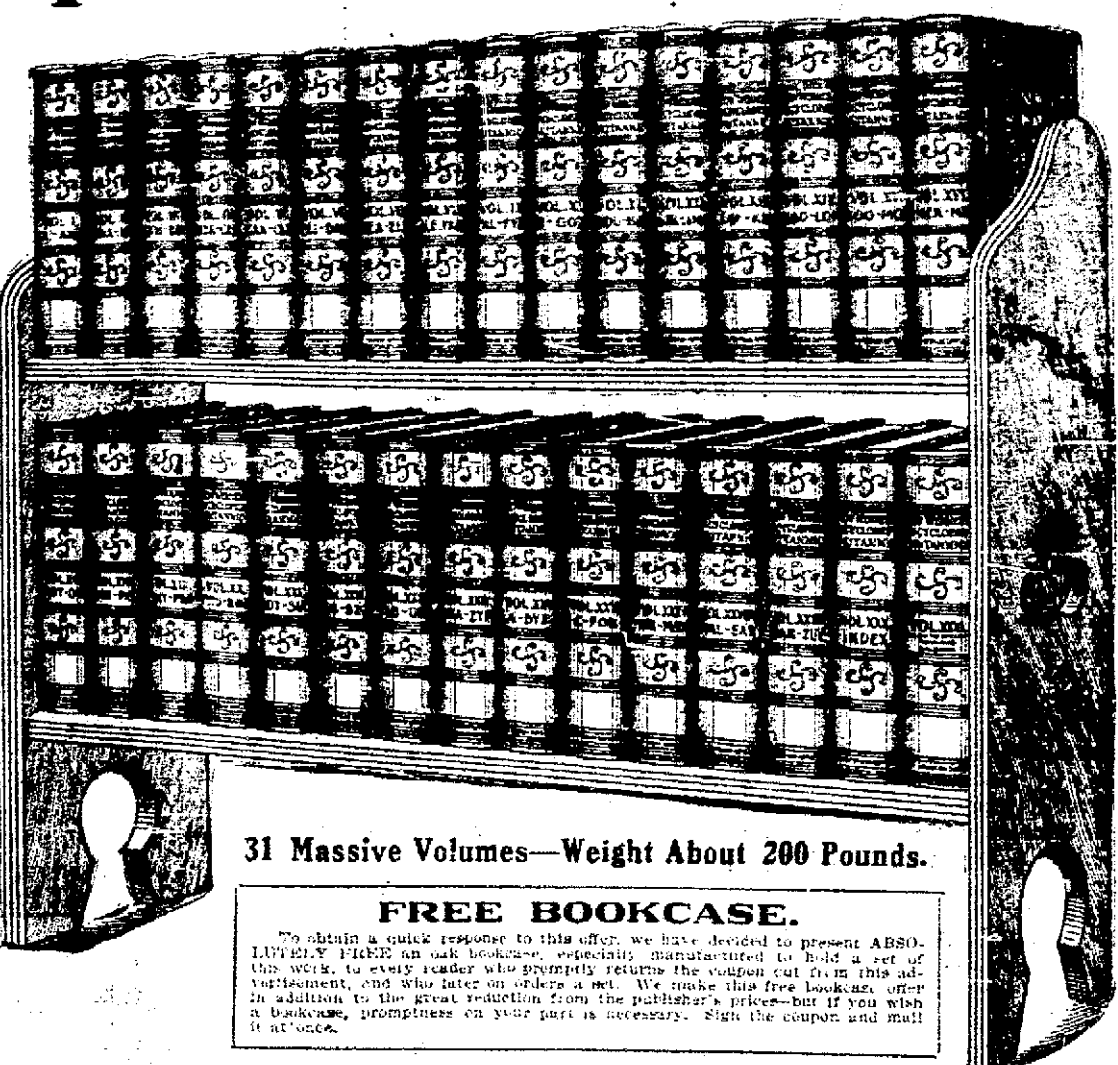

**A College Course  
at Home.**

This celebrated reference work still stands head and shoulders above any encyclopedia ever produced in the history of publishing. It covers every subject of human interest—history, biography, science, art, literature, philosophy, chemistry, mechanics, medicine—and every article is written in a style so simple and lucid that it is interesting as well as instructive. It will answer the thousand and one questions that arise as you read, and it is so accurate, so comprehensive and satisfactory as human knowledge can make it. With its SEVENTY-THREE COURSES OF READING and every question outlined, it means the ambitious reader or student a complete college course at home—with the highest authorities in the world as professors.

**We Save You \$57.35 a Set.**

Only a few years ago an edition of the Encyclopedia Britannica was to be found only in the homes of the wealthy or in public libraries, because it was sold at a price which was prohibitive except to the very rich. But on account of our extensive advertising facilities we are able to offer sets of this magnificent Twentieth Century Edition at a very large reduction from the regular publisher's price—amounting to a SAVING OF \$57.35 on the cloth bound sets alone, with larger savings on the other bindings. In addition to this you may pay in easy monthly payments, amounting to about ten cents a day, for a short time. Think of what a remarkable book bargain this is! The greatest of all reference works, the original foreign edition of which cost more than one million dollars, is put within the reach of any one of the most moderate means. At the present low prices you can not afford to get along without a set.

**Send the Coupon To-Day.**  
By eliminating the middleman's profits, reducing the selling expenses and sending books directly from the factory to the reader, we are enabled to make a reduction so large that the Encyclopedia Britannica is the most attractive book bargain made in the last ten years. But our offer is limited to the sets we control, and as soon as these are sold the price will be advanced. To get in line for a set at the low price and for a free bookcase we advise you to mail the coupon to us at once. Upon its receipt we will send you beautifully illustrated sample pages and full particulars of the New Werner Twentieth Century Edition of the Encyclopedia Britannica and our low-price offer.

**31 Massive Volumes—Weight About 200 Pounds.**  
**FREE BOOKCASE.**  
To obtain a quick response to this offer, we have decided to present ABSOLUTELY FREE, at our bookcase, a specially manufactured bookcase to hold a set of the work, to every reader who promptly returns the coupon cut from this advertisement, and who later on orders a set. We make this free bookcase offer in addition to the great reduction from the publisher's price—but if you who a bookcase, promptness on your part is necessary. Sign the coupon and mail it at once.

## HER CASE GOES HIGHER.

Washington, D. C., Oct. 24.—Mary  
Mabel Rogers, under sentence of death  
in Vermont for killing her husband,  
was today granted the right to proceed  
on application before the supreme  
court of the United States as a pauper  
or without payment of costs. The re-  
cord in the case will be printed at pub-  
lic expense.

**Last Hope Vanished.**  
When leading physicians said that  
W. M. Smith, of Pekin, Ill., had in-  
curable consumption, his last hope van-  
ished; but Dr. King's New Discovery  
for consumption, coughs and colds  
kept him out of his grave. He says:  
"This great specific completely cured  
me, and saved my life. Since then I  
have used it for over ten years and  
consider it a marvelous throat and  
lung cure." Strictly scientific cure  
for coughs, sore throats or colds; sure  
preventive of pneumonia. Guarantee  
50c and \$1.00 bottles at H. F. Vork  
kamp's drug store. Trial bottle free.

**SIR THOMAS IS STILL  
A REGULAR "SPORT."**

London, Oct. 24.—Sir Thomas  
Lipton, expects to again challenge  
for the American cup in 1927. Asked  
today concerning the reports from  
America that he had given up the  
idea of making further efforts, the  
owner of the Shamrock declared that  
he was as keen as ever and that while  
too late to challenge for 1926, if all  
went well he would be at hand with  
a new challenge the following year.

**DON'T MAKE A MISTAKE.**  
Many persons suffer from dizziness,  
headaches and backaches who treat  
themselves for stomach troubles or  
rheumatism, when their disease is  
some affection of the kidneys which  
could be quickly cured by Foley's  
Honey and Tar. Take it in time. Re-  
fuse substitutes. For sale by H. F.  
Vorkkamp and Wm. M. Melville.

**BANK ROBBERY AT  
RIDGEVILLE, IND.**

Ridgeville, Ind., Oct. 24.—Robbers  
today blew the safe in the Ridgeville  
state bank and escaped with about \$6,  
000. The explosion aroused Cashier  
Branson. He hurried to the bank and  
was shot in the ankle. Before going  
to the bank the robbers met the town  
watchman, overpowered, bound and  
gagged him. There is no clue.

Five of the robbers remained on  
guard while two others wrecked the  
safe with nitro glycerine which  
broke all the windows of the build-  
ing. Cashier Branson fired five  
shots at the guards from the mouth  
of an alley opposite the bank and was  
then driven away by bullets from the  
robbers' revolvers. There is no trace  
of blood where the guards stood and  
it is not believed that any of them  
were hit.

## SAVED 250,000 LIVES.

**Grand Old Man of Surgery Has  
Snatched an Army From Graves.**

(The Bits.)  
In an age when honors are lavished  
on men for the skill with which they  
compass the death of thousands, or  
their fellows, one cannot pay too much  
tribute to those whose mission it is  
to save, and not to destroy life, and on  
a monument some day be inscribed  
this remarkable legend: "He saved  
a quarter of a million lives."

To no other man who has ever lived  
can such a tribute be paid; but to as-  
sert that Lord Lister, the "Grand  
Old Man" of surgery, has snatched  
250,000 men from the grave is prob-  
ably to underestimate the truth. When  
Joseph Lister first made his sequen-  
tial discovery, about 60 years  
ago, an operation of any importance  
meant almost certain death, and even  
quite simple operations were full of  
risk. The wounds made by the sur-  
geon's knife refused to heal, putrefac-  
tion was followed by suppuration, the  
patients became delirious, and in a  
startling majority of cases died.

It was Lord Lister who discovered  
the deadly secret of all this mortality.  
He found that the putrefaction of the  
wound was due to the presence of  
germs which were introduced from out-  
side; and in carbolic acid he discover-  
ed the means to kill these germs, thus  
by this simple discovery revolutioniz-  
ing surgery and saving countless lives.

An early result of this antiseptic  
treatment was that "gangrene, which had  
infected 80 per cent of the wounds,  
disappeared entirely"; and today oper-  
ations which would have meant certain  
death half a century ago are perform-  
ed daily without the least risk of fatal  
consequences.

Such in briefest outline is the  
change Lord Lister has wrought in  
surgery; and one has only to read of  
the horrors of the hospitals in pre-  
Listerian days, with their delirious  
and dying patients, and "their com-  
pound odor of boiled mutton and sour  
milk," and then to pay a visit to  
a hospital of today to realize how  
revolutionary is the change wrought  
by this one man.

It is 60 years almost to a day since  
young Lister began to study surgery  
and medicine at University College,  
London. He was the son of a very  
clever man, a Fellow of the Royal So-  
ciety, and the inventor, practically, of  
the modern microscope and, as might  
be expected from the son of such a  
father, he quickly distinguished him-  
self among his fellow-students, gra-  
duating brilliantly and taking the  
 coveted F. R. C. S. before he was 25.  
Then followed a period of splendid  
training at Edinburgh under the great

surgeon, Mr. Syme, whose daughter  
he married, and in 1860, at the early  
age of 32, he was made Regius Pro-  
fessor of Surgery at Glasgow.

It was here that he became so deep-  
ly impressed by the terrible mortality  
due to operations, and he set to work  
to discover the cause, with the results  
which we have described. There are  
still living students who saw him first  
experiment in antiseptic surgery by  
making a paste of carbolic acid over  
the wound, and it was soon admitted  
that "Lister's wards" were the  
healthiest in the world. But, like  
many another prophet, he found least  
appreciation among his own country-  
men. Germany, France and other con-  
tinental countries adopted his meth-  
ods with avidity, and his fame was  
European before Great Britain became  
a tardy convert to his teaching.

However, unlike so many world  
benefactors, he has lived to see the  
universal triumph of his discovery  
and to reap honors such as fall to  
few men in a century.

Long years ago the University of  
Budapest conferred an honorary de-  
gree on him amid a scene of unparal-  
leled enthusiasm. In Germany he has  
long been hailed as the greatest sur-  
geon in all the world—except, per-  
haps Virchow, their idol; and the  
principal hospital in Rome, the Clini-  
co Umberto I., has over its chief en-  
trance a bas-relief representing Lis-  
ter in the act of dressing a wound. He  
has been made a Fellow of the Royal  
Society; universities have vied with  
each other in conferring degrees on  
him. In 1883 he was created a baron-  
et, and eight years ago he was made  
a peer and privy councillor (the first  
man in his profession to receive such  
an honor), and to his many titles he  
now adds those most prized letters,  
O. M.

And never, perhaps, did so great a  
man bear his honors so modestly. At  
78 he remains, to quote a great sur-  
geon, "as simple and lovable as a  
child." His old pupils adore him; his  
numberless friends respect and love  
him; the world counts him one of its  
greatest benefactors. For the rest, he  
is an ardent lover of nature, skilled  
in botany and woodcraft, and he de-  
clares that the sweetest music on  
earth is the song of birds.

# CANDIDATE NAPIER WANTS MORE SALARY

Is Not Satisfied With the Provisions of the Ordinance  
That Will Save the Taxpayers the Sum of  
\$3,000 a Year.

## HE ATTACKS DR. BOWSER AND OTHERS

But Is Told That If He Were Not a Candidate for Member  
of Board of Public Service He Would Be in Favor  
of the New Salary Ordinance

At the meeting of the city council tonight the fact developed that member Napier, republican machine candidate for member of the board of public service, is desirous of holding the position for which Boss Quail has given him a nomination, but he wants more money for his services, if elected. On the question of the salary ordinance, which he hopes to pass, Mr. Napier engaged in more effort and oratory than he ever did on any proposition that has been before the city council during the two years he has been a member of that body. First, when the council was holding a preliminary session in the board of public service rooms, as a committee of the whole before formally convening in the council chamber, Mr. Napier attacked Dr. Bowser, his colleague from the old Fifth ward, he attacked Mr. Odell, the new member at large, he attacked member Hullinger, of the Fourth ward, and then took a tour of the council as a whole for having passed the ordinance which will reduce the city officials' salaries and save the city the sum of three thousand and fifty dollars each year. He accused Dr. Bowser and member Hullinger of trying to put him into a political hole. Mr. Bowser replied that he knew Mr. Napier would have been in favor of the adoption of the ordinance himself had he not been a candidate for the office and after all he could get. Mr. Hullinger declared that he had introduced the amendment to the salary ordinance to save the taxpayers money and because he considered the old salaries too high, and added he was here to back up his amendment to the end.

Mr. Napier found no sympathy in the committee meeting and he soon learned that Mayor Robb had signed and approved the new salary ordinance but still he would not give up. He said he would be amended and the salary of the board of public service members raised, so, after the routine business of the council had been disposed of in the formal session and the chair announced that the table was clear, he again brought up the proposition and after a long talk about the municipal code and how the original salary ordinance was passed by the old outgoing council of seven democrats and seven republicans he said that he had voted against the new ordinance last week because he wanted time to think. He had thought and had arrived at the conclusion that it was all wrong to reduce the salaries of the board of public service members to one thousand dollars a year. He said that the cost of the campaign (paying an assessment to Boss Quail) and the surety bond required of members would amount to about three hundred dollars and would leave the member only about seven hundred dollars, net, for his first year's work. He thought that was not enough. He had voted against the ordinance, however, and therefore could not himself introduce a motion to reconsider it but he insisted that he

### HALF AN HOUR

Juror Sat Motionless When  
Found to Be Dead.

While sitting on a jury in the trial of John Springer, arrested for fishing at Wapakoneta, Armerius Sillm, a wealthy farmer, 73 years old, was stricken with paralysis and died two hours later. He sat motionless for half an hour before his fellow jurors realized his condition. The trial was once adjourned.

### PROHIBITION RALLY.

There will be a prohibition rally at the assembly room of the court house tonight. All prohibitionists are requested to meet at the corner of Main and Kibby streets at 7 o'clock this evening, form into a procession and march to the court house to listen to an address by Prof. A. J. Watson, of Ada University.

### GLAZE HOMESTEAD

Visited by Friends in Honor  
of Anniversary.

A very large party was given Saturday evening at the home of Mr. and Mrs. Marion Glaze, who live seven miles east of Lima on the Marion road. The party friends and neighbors gathered to celebrate Mrs. Glaze's 51st birthday. A good time was enjoyed by all present. And how about the supper? Well, the people crowded together with the table under the burden of being good things to eat.

Those present were: Mr. Henry Hall, wife and children Reuben and Bessie; Mr. Jacob Staley and wife, Mr. Jesse Hall, wife and children, Gusti and Daisy; Mr. W. H. Hall and wife, James, Drages, Emma, Fisher, Alice, Canaler, Claude, Binkley, of Herring P. O., O. M. Luther McKinney, wife and children, Donovan and Beatrice, Mr. Homer Williams, of H. road, Mr. C. ### SCHOOL BOARD

Met, Allowed Salaries and  
Made Early Adjournment.

There was little doing at the regular bi-monthly meeting of the Board of Education last night. Superintendent Davison made a flattering report on the condition of the public schools, with attendance much better.

Salaries were allowed for the month to teachers, janitors and transient workers, and the new ward additions informally discussed. The building and repairs committee was instructed to push the completion of the new laboratory tables. In the granting of salaries teachers were allowed payment for attendance at the institute, under a ruling of Commissioner Jones.

### SITE PURCHASED

For Location of Proposed  
Contagion Hospital.

At the meeting of city council last evening the special committee of citizens, members of the board of health, board of public service and city council reported that an available piece of property had been determined upon as a site for the proposed contagion hospital, being five and one eighth acres of land situated in the extreme north eastern portion of the city offered to the city at a cost of a fraction over \$100 per acre. The council adopted a resolution authorizing the acceptance of the deed for the property and authorizing the board of public service to make the purchase.

## RIOTING CONTINUED

In the City of Santiago Chile,  
Until a Late Hour  
Last Night.

### THE TROOPS ARRIVE

And Quell Disturbance by  
Firing a Few Rifle  
Shots.

Santiago, Chile, Oct. 24.—The disturbances here caused by the opposition of the people to the import tax on Argentine cattle, continued all day yesterday and did not cease until late last night when a small detachment of troops arrived here and a few shots were fired. The people of Santiago have just witnessed the most shameful occurrences in the city's existence. Everything which could be destroyed has been wrecked, including the city dumps, public parks, and windows everywhere. The situation as this dispatch is filed is comparatively calm but the banks and business houses will remain closed today. Several hundred arrests have been made. The work men declare that they are not responsible for the rioting which they say was organized by rowdies. Anti-tax meetings which have been held

elsewhere in Chile have passed off quietly.

The press criticizes the government and the local authorities for lack of energy in preventing the disorders. The army maneuvers have been suspended and the troops are expected back here in a short time.

### RESTORED TO THEIR FAMILIES

Erie, Pa., Oct. 24.—Life boat with members of the Erie Life Saving crew, which has been missing since last night was safely towed into the canal here at 3 this morning. At about 11 o'clock last night the crew received a telephone message that a ship was in distress off North East, and immediately responded notwithstanding a severe gale was blowing. The men were not heard from until late last night. An investigation at North East was made today and it was learned that no call for aid had been sent to the crew and it is believed the message was phoned from Erie.

### PUGH LAW UPHELD.

Columbus, O. Oct. 21.—The Pugh law providing for street improvement repairs sweeping and sprinkling was upheld by the Ohio supreme court today and as a result the City of Columbus will realize many thousands of dollars which are now tied up in litigation. The case was C. J. Zelman et al., vs the city involving Ohio avenue, from Broad to Main streets.

## YELLOW FEVER FIGHT IS ENDED.

New Orleans, La., Oct. 24.—That the whole country has full faith in the assurance of the federal officers that the fight against yellow fever is practically over is evidenced in the rapidity with which quarantines are being lifted. Atchafalaya has finally thrown her gates open to the world and that means the complete resumption of travel over the Queen and Crescent coast from Cincinnati to New Orleans. Nearly all the towns along the Mississippi Gulf coast have removed their restrictions. Biotin being the exception. Large numbers of people who have been on the coast since the fever started are coming into New Orleans for the president's reception.

Up to noon today there was only one new case of yellow fever reported and no deaths. Unofficially there was a report of one death, the first to occur in nearly a week.

### BEN HUR LODGE.
